REPLACEMENT DRAWINGS

Dear Sir:

Accompanying this letter are three sets of copies of formal drawings (12 sheets per set) that have been prepared for the above-identified application. Please substitute the enclosed sets of formal drawing copies for the informal drawings that were filed with the original application.

In preparing the Replacement Drawings provided herewith, no changes have been made in content of the original drawings: the drawings have simply been inked in the usual manner to improve the clarity of the lines that comprise the various views and the accompanying figure numbers.

Inasmuch as no changes are deemed to be present, no "red ink marked" copy of the drawings is appended, and

it is respectfully requested that any requirement for the provision of a "red ink marked" be waived.

In view of the submissions made herewith, it is respectfully requested that the enclosed sets of copies of formal drawings be reviewed and accepted as fully satisfying the requirements of the Office for the submission of formal drawings.

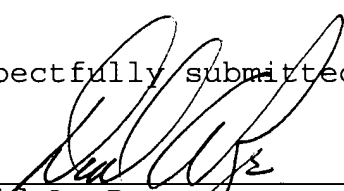

Although it is believed that no fee needs to be paid to file this communication and to carry out the request presented herein, if a fee should have been paid to accomplish these ends, permission is granted to charge such fee (or credit any overpayment) to Deposit Account No. 02-4700 maintained by the firm of David A. Burge Co., L.P.A. A duplicate copy of this Letter is enclosed.
